**Download**

Designed with the task oriented user in mind, this small utility is an excellent way of managing your time. By simply selecting a task in your task hierarchy, you can quickly determine how much time you spent on the task. AJaTT offers a quick and easy way to view your time usage. With only a few clicks you can see the following:

- Which task takes the most time
- How long the task takes
- The dates and times you spent on a task
- The performance of the tasks based on whether you performed the tasks on time or not

AJaTT Features:

1. Support hierarchical tasks
2. Dynamic task switching
3. Import/Export support for time reporting
4. Crystal Reports support
5. Schedule support
6. Time tracking
7. Task metrics
8. Fast and stable

**FREENOPEN\_SEVEN** is a FREE app that allows you to send an anonymous, free text message (SMS) to 7 numbers at once, and as long as you're within the Free Open Source Network (FOSN). Jami Tarkington 14 Sep 2009 80 AJaTT: Nice UI AJaTT: Nice UI I really like this program. The easy to use interface is really easy to get into, and learning it is easy. The only problem I have had with it is that I wish it had a more detailed task to do list and record time for each

---

task more accurately. Karen Walker 13 Aug 2011 100  
AJaTT: Great app. AJaTT: Great app. I really like this  
program. The easy to use interface is really easy to get  
into, and learning it is easy. The only problem I have had  
with it is that I wish it had a more detailed task to do list  
and record time for each task more accurately. AJaTT:  
Overall AJaTT: Overall I really like this program. The  
easy to use interface is really easy to get into, and  
learning it is easy. The only problem I have had with it is  
that I wish it had a more detailed task to do list and  
record time for each task more accurately. Best Feature  
Best Feature The main feature I really like is the  
functionality to view task info through reports. This  
makes it really easy to save data into an Excel document.  
Another feature I really like is that the program has a  
feature where it can automatically calculate time. This  
makes it easy to keep track of hours and minutes and get  
an accurate idea of how long tasks will take. The only
